TOPICS IN PROGRAM

1. Workshop.
2. Fundamentals
3. Minimal invasive techniques in spinal surgery.
4. Instrumented surgery of the spine.

10th Jubilee International Symposium will be held in Kharkiv in the year of 105 Anniversary of Sytenko Institute of Spine and Joint Pathology. During this decade Meeting becomes annual. Many famous doctors, our colleagues from United States, Europe, Asia, Africa, South America and spinal surgeons from Ukraine attended the symposium.

Activity of ISMISS board members facilitates providing of advanced minimal invasive and new high-technology surgeries into Ukrainian health care system.

Last years Kharkiv city has changed it's face, becomes more beautiful and hospitable for our guests.

I kindly invite all our colleagues to attend the 10th Jubilee Symposium and to support development of the spinal surgery in Ukraine.

Kharkiv, January 2012 Volodymir Radchenko, M.D.
